GONGIN PRECISION IND CO., LTD. PRESENTATION

Hung-Ying Su 2022/08/25

Basic Profile

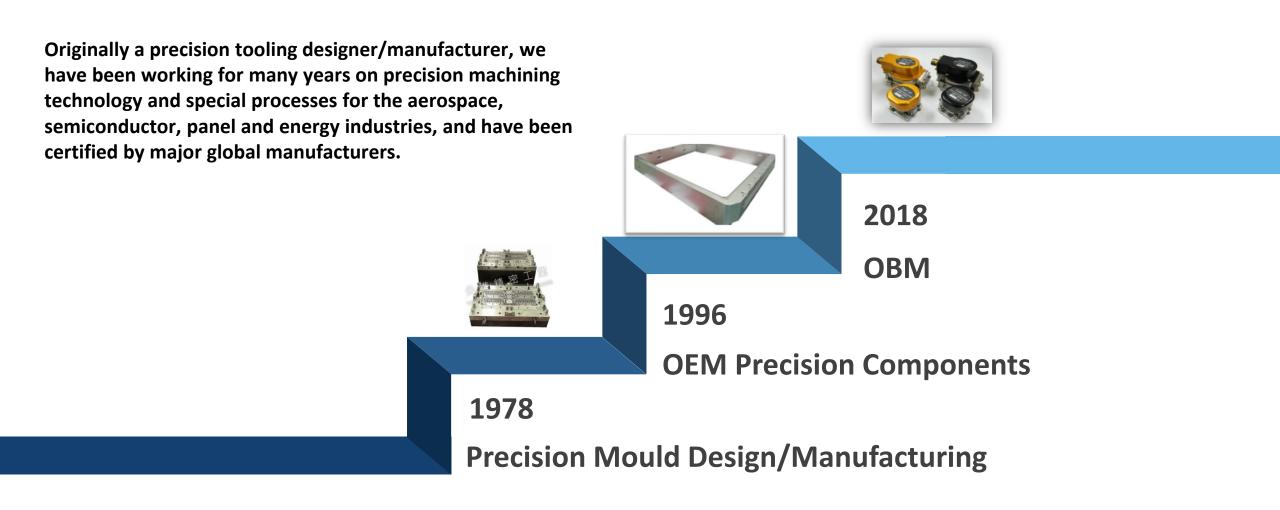

- Year Established: 1978/3/27
- **Representatives: Daniel Su**
- Capital: NT\$450.5 M
 - Employees: 750
 - Main Plant: Kaohsiung
 - Product: Precision Components and Sub-Assembly of Semiconductor / Display Manufacturing Equipment and Aerospace

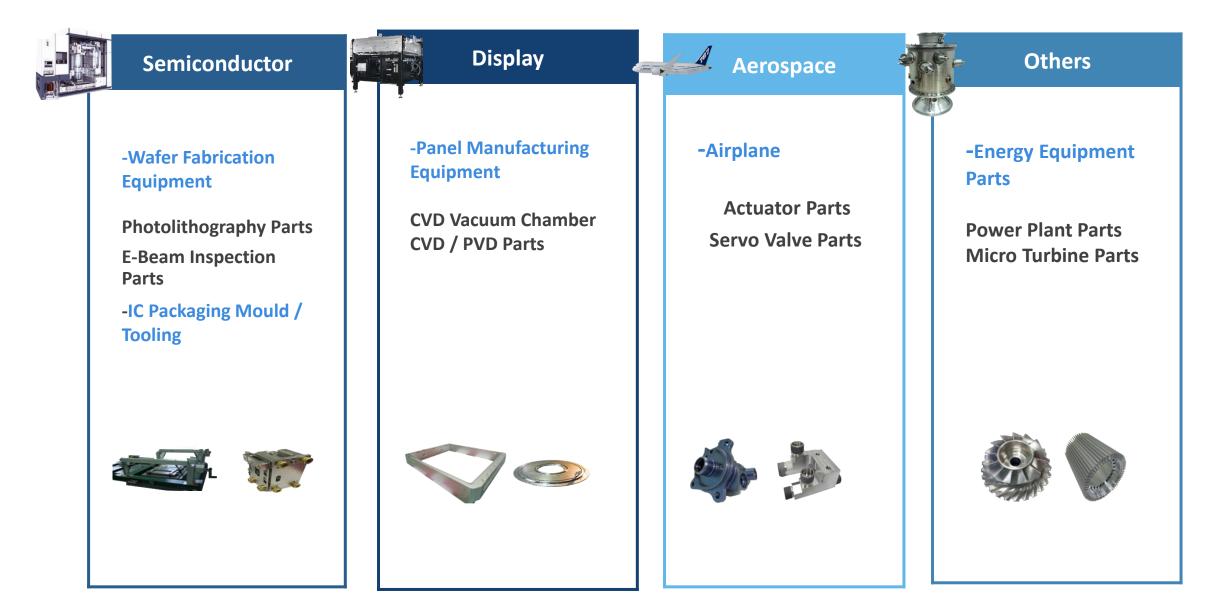

Company Development

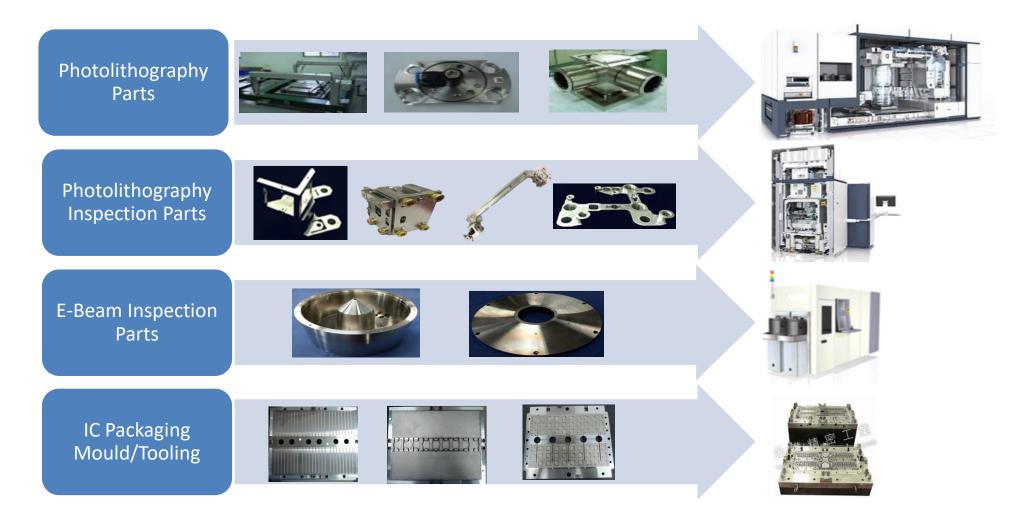

Main Product Applications

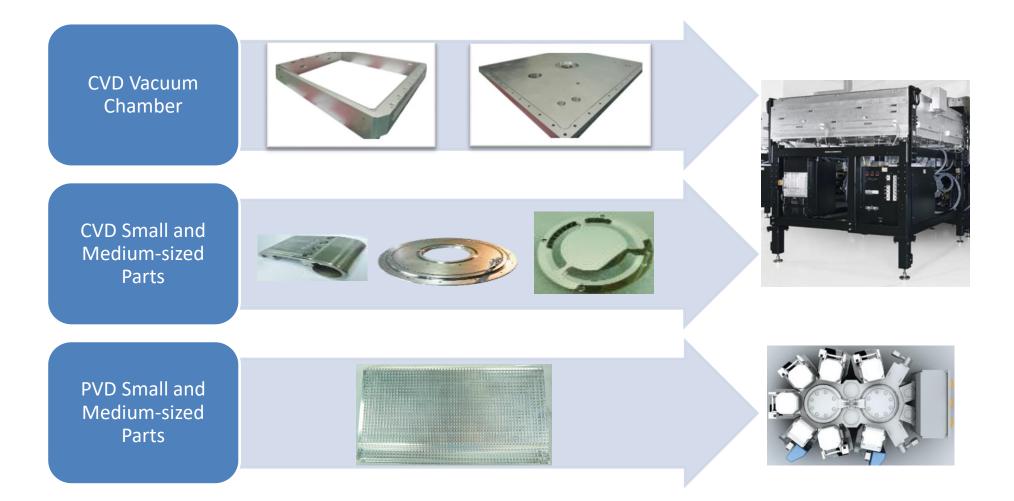

Semiconductor Application

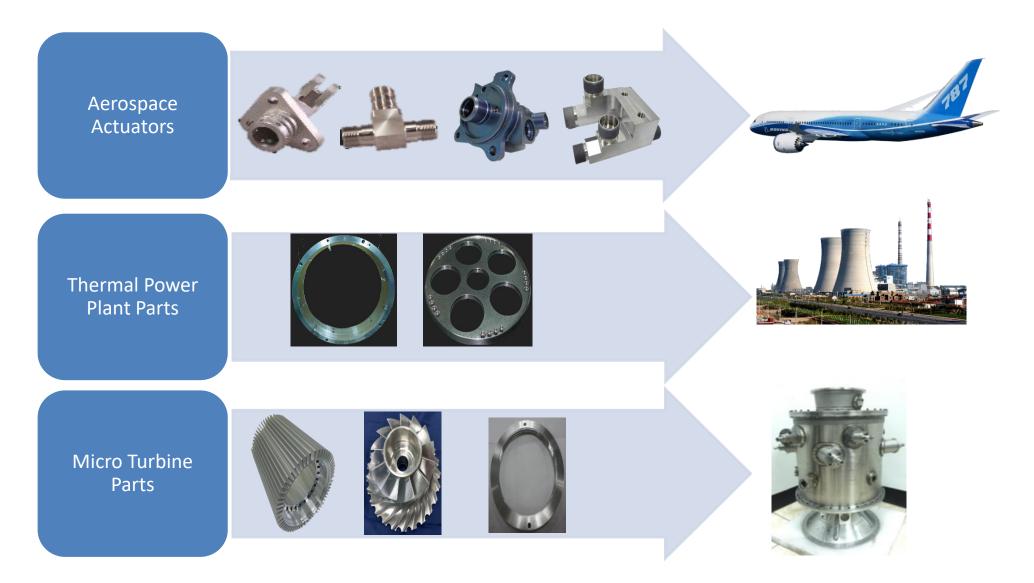

Display Application

Aerospace/Energy Application

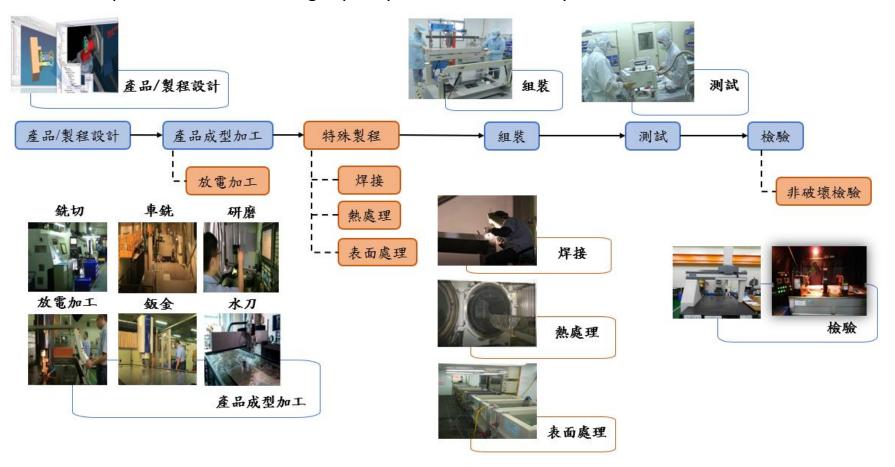

Total Solution

Complete machine processing technology and equipment, with a variety of special processes, after the metal materials enter the company, all processes can be consistently completed in the factory and delivered to customers, providing customers with diversified product choices and high-quality, short-term delivery services.

Quality Certification

The quality system and process equipment used in the production line have been certified by leading aerospace

and industrial companies, enabling us to quickly meet the product requirements of each industry.
